

Bangladesh Integrated Cold Joint

Overview

The specific objectives of the activity are: • Increase the incomes of small and marginal farmers, particularly women, through training in high-value agricultural production based on market demand; • Leverage and support ongoing U. Government (USG) and Government of Bangladesh . Cold Chain Bangladesh Limited (CCBL), a newly-formed private company jointly owned by Golden Harvest Ice Cream Limited (GHICL) and Golden Harvest Foods Limited (GHFL), has entered into a joint venture arrangement with the International Finance Corporation (IFC), a member of the World Bank Group, to. Cold Chain Bangladesh Limited is a Third Party Temperature Controlled Logistics Company providing frozen and chilled storage, transportation and related value added services to customers in Bangladesh. The Cold Chain has been established by two associates of the Golden Harvest Agro Industries. These facilities are little more than pack houses, comprised of a pre-engineered building, grading and sorting area, ripening chamber, an refrigerated space. Essentially transit houses, these facilities are typically used for cooling and storing produce for a few days before. Lubomir Varbanov (left), Head of New Business, Infrastructure and Natural Resources, Asia Pacific at IFC, and Rajeeb Samdani, Chairman of Golden Harvest Group, shaking hands while exchanging documents after signing a joint venture agreement in the city on Wednesday The Cold Chain Bangladesh Ltd.
