

H3C Switch Optical and Electrical Port Aggregation

Overview

H3C S6530X series switches provide industry-leading high performance and scalable aggregation switching solution with modular dual power, fixed uplinks (40GE/100GE) and IRF for resiliency. The series offers OSPF/BGP and multicast, SDN enabled and flexible management. It provides up to 48/24* 48/24*1GE/10GE autosensing SFP+ ports and 8*100G ports. By using different H3C S10500 series switch products are core switching products specially designed and developed by H3C for cloud computing data center core, next-generation campus network core and metropolitan area network aggregation. Using advanced CLOS multi-level and multi-plane switching architecture, it can. Home » H3C confirms performance of its new 800G CPO Ethernet switch H3C completed a massive test of its co-packaged optics (CPO) enabled Ethernet switch (H3C S9827) driving traffic across 64 800G ports. S6530X-24X8C: 24×1GE/10GE SFP+. H3C S5130-EI is the latest development of Gigabit speed Layer 2 Ethernet switch. It supports diversified services, high capacity GE access port as well as.

Article Content

H3C S6530X Series

H3C S6530X series switches provide industry-leading high performance and scalable aggregation switching solution with modular dual power, fixed uplinks (40GE/100GE) and IRF for resiliency. The

H3C S5570S-EI Series High Performance Intelligent Ethernet Switch

H3C S5570S-EI series switches are mainly positioned at the access layer and aggregation layer of enterprises and campuses, meeting high-density Gigabit access, fixed 10 Gigabit uplink ports,

H3C S5590-EI Series Converged Hybrid Multigiga Switches-H3C

In the campus network, H3C S5590-EI series switches can be used as aggregation layer equipment, or as the core of small and medium-sized enterprises; downward can provide high-density GE and

H3C S5590-EI Series Converged Gigabit Switches-H3C

H3C S5590-EI series switches are a new generation of high-performance, high-port density, high-security Layer 3 Ethernet switches developed by H3C Technology

H3C S6530X Series Advanced Aggregation 10GE Switches Datasheet

H3C S6530X series switches support Telemetry technology, which can send the switch's real-time resource information and alarm information to the O& M platform through the gRPC protocol.

H3C Products Catalogue

H3C S5570S-EI products are mainly positioned at the access layer and aggregation layer of enterprises and campuses, meeting high-density Gigabit access, fixed 10 Gigabit uplink ports, supporting PoE+,

H3C S5500-EI SERIES NETWORK ROUTER CONFIGURATION

View and Download H3C S5500-EI Series configuration manual online. Layer 2 - LAN Switching. S5500-EI Series network router pdf manual download. Also for: S5500-si series.

H3C LS-5130S-52S-HI Ethernet Switch 48 Gigabit Electrical Port

Buy H3C LS-5130S-52S-HI Ethernet Switch 48 Gigabit Electrical Port 4 10 Gigabit Optical Port manageable Aggregation Switch: Switches - Amazon FREE DELIVERY possible on eligible

H3C confirms performance of its new 800G CPO

H3C completed a massive test of its co-packaged optics (CPO) enabled Ethernet switch (H3C S9827) driving traffic across 64 800G ports.

H3C SMB-S5008PV2-EI Ethernet Switch 8-port Full Gigabit Smart ...

The entire series supports the combination of “Ethernet port + optical port” to meet the networking requirements of various scenarios, which is convenient for users to flexibly network; Provide

h3c.store

By installing OAP modules, the customers can use the switch as a multiservice device without having to buy separate service appliances, such as a firewall device. The switch offers high-density 10GE

H3C S5130-EI Next Generation High Performance GE Switch

It allows aggregation of physical ports of member switches and physical connections between the IRF system and its upper and lower level switches. The multi-link backup greatly enhances link reliability.

New H3C S10500 Series Ethernet Core Switch Optical Transmission ...

ETU-LINK can provide optical modules of various specifications compatible with H3C equipment. All optical module products have passed the real machine test before shipment to ensure

S6530X Series Advanced 10GE Switches Datasheet

H3C S6530X series switches provide industry-leading high performance and scalable aggregation switching solution with modular dual power, fixed uplinks

H3c Ls-S5560s-52p-SL 48 Gigabit Electrical Port + 4 Gigabit Optical ...

H3C S5560S-SI is the latest development of Gigabit Layer 3 access switch. It's the second generation intelligent managed switches designed for networks requiring high performance, high port density,

H3C S6520X-SI Series Multi-Gigabit 10GE Switches-H3C

Multi-chassis Link Aggregation Group (M-LAG) (Original DRNI) H3C S6520X-SI series switches support M-LAG, which enables links of multiple switches to

H3C FS6300V2-EI Series Converged Optical Electrical Switches

H3C FS6300V2-EI series switches provide enhanced ACL control logic, support large-capacity ingress and egress port ACLs, and support VLAN-based ACL delivery, which simplifies the user

H3C ES4200 Gigabit Switch Series-H3C

H3C ES4200 series is the latest development of Gigabit speed managed Ethernet switch. Besides high-performance access, it also offers abundant security access policy control and enhanced network

H3C FS6300V2-EI Series Converged Optical Electrical Switches

In the campus network, H3C FS6300V2-EI series switches can be used as aggregation layer equipment, or as the core of small and medium-sized enterprises; downward can provide high-density 10GE

H3C IE4320-EI Series Din-rail Industrial Ethernet Switches-H3C

H3C IE4320-EI series industrial switches can not only perform virtualization through 10G optical interfaces, but also it can be virtualized through the gigabit optical port and the gigabit electrical port,

H3C S6550XE-HI Series 25G Ethernet Switch: High-Performance

In large and medium-sized enterprise or campus networks, the S6550XE-HI series serves as a high-performance aggregation switch, delivering massive switching capacity and 40G/100G
