

Mauritanian Optical Cable Header Manufacturer

Overview

In a transformative leap toward digital progress, EllaLink — the company behind the high-capacity transatlantic optic-fibre system — has unveiled a major infrastructure initiative that will directly connect Mauritania to Europe via a new subsea cable system by early 2027. These Terms and Conditions ('the Terms') govern your use of the website on the Internet located at www.com ('the Site') and are legally binding on you. The Site is owned and operated by Developing Telecoms Limited ('the Owner', 'we', 'us', 'our'). Please read the Terms before. EllaLink announced the execution of agreement with the Ministère de la Transformation Numérique et de la Modernisation de l'Administration (MTNMA) of the Islamic Republic of Mauritania for the construction, operation and maintenance of a second international subsea cable that will directly connect. We are specialised in the manufacturing of both fibre optic last mile FTTH solutions and copper cable assemblies. The products are utilized across the 'last mile' of datacom, telecom and security applications.
