

PZ30-30 Distribution Box Specifications

Overview

PZ30 lighting distribution box is suitable for frequency 50HZ, rated voltage 500V and below, load current is not greater than 100A single-phase and three-phase circuits, for power and lighting, motor control, overload, leakage and short circuit Road protection. It realizes power distribution and triple protection. Enecell is a famous China PZ30 Electric Lighting Power Box Manufacturers and Lighting Distribution Box Suppliers, The PZ30 Lighting Distribution Box offers versatile applications, user-friendly design, and comprehensive protection, making it an ideal choice for modern buildings. PZ30 lighting distribution box is. TAI XI PZ30 Plastic Electrical Distribution Box (with the same Merlin Gerlin MCB distribution box, also known as Merlin box), it is used for the single-phase two-wire or four-wire terminal circuit of AC 50H / 60Hz, rated voltage to 220V / 380V, load current of 100A and below, a complete set of. The series products are made of standard cold-rolled steel and use powder-coating techniques to process the crust. The outlook is beautiful and fit for surface and flush install.
